

About PowerNet Global

Founded in 1992, PowerNet Global Communications pioneered simple, flat rate, long-distance services coupled with excellent customer support. Utilizing its vast network of independent sales agents, the company has grown to serve a nationwide customer base on both the retail and wholesale level.

Headquartered in Cincinnati, Ohio, PowerNet Global has developed one of the industry's most scalable and reliable communication networks utilizing Voice over Internet Protocol (VoIP) technology. The PowerNet Global Network will provide access to 120 Points of Presence (POP) within the United States. The company has designed its Network to meet today's evolving communications needs with a combination of state-of-the-art design and proactive planning.

Through major initiatives and alliances with industry leaders, PowerNet Global is developing a broad spectrum of communication products and services featuring convergent billing. The company's growing scope of services encompasses both residential and business solutions and includes voice, high-speed Internet, transport, enhanced services as well as professional consulting services.

PowerNet Global Communications is emerging as the premier Customer-Centric Solutions Provider, delivering its customers end-to-end connectivity. PowerNet Global is committed to providing:

- Leading-edge communication technologies
- Exceptional, dedicated customer service and sales agent support teams
- The most reliable and value-added communications solutions and services available
